St. Anthony the Great

St. Anthony the Great was born to a wealthy family around the year 251 in Coma, Egypt, known today as “Kuma al Arouss.”

His father and mother died when he was eighteen years old, and he was left with a sister whom he loved very much. One day he entered a church and heard a voice saying: “If you wish to be perfect, go sell all you have, give it to the poor and follow me.” He felt that these words were directed to him, so he went and sold all that he had. He gave his sister her share and the rest he gave to the poor.

At twenty years of age, he went to a hermit and became his disciple. He spent his days and great part of the night in prayer and manual labor and ate only one meal a day. Anthony suffered a great deal from temptations. With prayer and penance, he overcame them all. For this reason, he became the patron saint of those who are tempted. He died on **January 17, 356, at the age of 105.**

The body of St. Anthony remained in his grave for 200 years. In 561, under the emperor Justinian, his bones were transferred solemnly to the Church of St. John the Baptist in Alexandria, Egypt, and later taken to Constantinople. Prince Jocelyn took St. Anthony’s remains to France and interred them in the Benedictine Abbey of *La Motte St. Didices*. His remains were transferred to the city of Aries, where they rest today.
